REPORT ON C.B.S.

RELIGIOUS EMPHASIS DAY
WAS A GREAT SUCCESS!

DAVIDSON PROF. TO CONDUCT
ORCHESTRA - "COAST-TO-COAST"

Dr. Kenneth J. Foreman, who spoke at the Chapel service Thursday morning and at a Vesper service that evening, delivered two truly inspirational messages.

Dr. Foreman's morning message, "Life's Three Questions", was very typical of his many excellent talks that so many enjoyed when he was a member of the faculty here at Davidson. It contained his subtle humor and was built around three questions we should all think on: "How What?", "So What?", and "Then What?".

His evening message contained the answer to another question; "How to Grow in the Christian Faith". The evening Service was held on the "Y" lawn and Dr. Foreman's message was heard by a large student congregation and visitors from the town of Davidson.

These services were sponsored by the Y.C.A. as the Summer counterpart of Fall and Spring Services.

James Christian Ffohl, Professor of Music here at Davidson, will conduct the Brevard Music Festival Orchestra in a program Friday night at 11:15 P.M. which will be aired "coast-to-coast" over CBS. Frances Yeend, soprano, will be the soloist. The program will originate from the Summer Theatre Auditorium of Transylvania Music Camp at Brevard, N.C.

The orchestra is composed of members of leading orchestras along the entire east coast. The superior work they are doing promises to develop western North Carolina as the musical center of the South.

It is of interest to note that six Davidson men are also members of this group. They are: E.H. Holler Jr., Frank West, Willis Coggins, J.W. Flora Jr., John Coker, and Alfred Neuman.

WEST FLAILS GEORGIA

Yesterday the West team that won the championship of the league last semester once again demonstrated the power that is challenging the league-leading All-Stars, this time at the expense of "poor" Georgia. The bats of the West team rapped out a melody on the pitching of Ga. and they wound up victors to the tune of 13-1.

Georgia had already been spanked by the Faculty All-Stars on Tuesday for a 22-10 loss.

Our hat's off to Ga., for though winding up on bottom, she fielded a fighting team.

Well, that fatal nite has rolled around once again and according to the "Simon Legree" that we have for an Editor, it is time for the latest "Scuttlebutt". So consequently here it is, as well as could be discovered by your "wondering" reporter.

FOOD FOR THOUGHT

Every musician in the world is on strike ! Every musical recording has been smashed. Petrillo is happy and even the mocking birds are on his side. This is fantastic but it gives us the gloomy picture of just what our world would be like without music.

Music is an integral part of our civilization. Have you ever stopped to consider just how dependent upon it we are? It constitutes a major part of most every program of entertainment; our church services would be somewhat "flat" without it; your graduation processional would be in dead silence; you'd never learn to dance; even the young couple "looking at the moon" would have to do without the soft melodies coming in over a portable.

Yes, music is a part of us! Since it does fill such a place in our lives, its our responsibility to learn to appreciate it. Music in its many forms is like the presents found around a Christmas tree, all wrapped in different tissue, with different colored ribbons but each bringing joy to its recipient as well as the giver.

Let's not limit ourselves to a little when there is so much, and really learn to enjoy a tune!

VESPERS

Vespers service this Sunday evening will be conducted by Rev. Cliff McLeod pastor of the First Presbyterian Church of Mooresville. All are invited to attend this service.

Just wondering:

What Big Leighton is going to do about being able to go to Charlotte only three nights a week? So sad.

What came over "one woman" Bunny Perrin? He was seen "squiring" a local young lady at Vespers.

If John Codington will be happy, if we correct a former statement? THE W.C. coed was at the beach. Our apologies, John.

If Jack Bridgeman obtained that sunburn at Crescent Beach? My, but that is a long ride, son.

If Mike Williams managed to stop that revolving door? Well, what happened?

Just why Calvin Wyatt went to Winston Salem, Wednesday night, August 18, 1948 ? (Those are facts, son!)

If Mr. Joseph T. Stukes is really enjoying those tomatoes, thrice daily and iron glue in the coffee pot? My, oh my, what's wrong J.T.?

Wonder if Charlie Robinson would like to see his name here? Satisfied Zorro ?

If "weeping Willie" Mebane is really weeping over a local girl?

If Dick Stone has found an apartment and whether he realizes that September is only two weeks off?

If Springer Hoskins has made that trip to Kinston?

If Heels Beals will release Dick Tracy? How about it Heels?

What George Adams will do about that proposed trip to Europe? Bon Voyage!

HEARD:

Harry Show is really sitting on those proverbial pins and needles and for a very good reason too. There are a few here who can appreciate your situation Harry.

Just one more to go.
