POTEAT CHANGES MANAGERSHIPS

Mr. and Mrs. Robert Poteat, the father and mother of the college, are leaving Davidson for the University of North Carolina at Chapel Hill. They will be leaving the campus of Davidson in the fall.

At his new position, Mr. Poteat will be a professor of chemistry and will be in charge of the laboratory. He will also be in charge of the laboratory at the University of North Carolina at Chapel Hill. He will be leaving Davidson in the fall.

When Mr. Poteat leaves Davidson, he will also be leaving the laboratory, for which he has worked for eight years. The laboratories at the University of North Carolina are operated by the university. During this period of time, he has conducted research in industrial and agricultural chemistry, and a number of other projects. He will be leaving Davidson in the fall.

In discussing his departure, Mr. Poteat said, "I have enjoyed my time here. I have many friends and colleagues here. I have worked with them. I will miss the country over and over again. I will miss the faculty, and student body. I will miss the relationships with all these people. I will miss something to be proud of."

To Mr. and Mrs. Poteat, we would say "Good-bye" for these kind and caring ways. We hope it is our goodly-sincerely wish, and hope that you will find a better condition of your new position. We will leave Davidson, our best wishes to you.

WELCOME STEPHANOS

Mr. and Mrs. Stephanos, the father and mother of the college, are leaving Davidson for the University of North Carolina at Chapel Hill. They will be leaving the campus of Davidson in the fall.

At his new position, Mr. Stephanos will be a professor of chemistry and will be in charge of the laboratory. He will also be in charge of the laboratory at the University of North Carolina at Chapel Hill. He will be leaving Davidson in the fall.
