

DORM PASS KEY BADLY NEEDED !!

"Help, I'm locked out of my room!" This is the cry heard of many after they have been out all night and cannot get into their rooms, what with Mrs. Moore on vacation and everything, it would be oh, so nice if one could go to the Union and pick up the pass key, which is so badly needed at the worst times, and get into one's room in the wee hours of the morning or on weekends when all the staff is off.

Can't somebody do something!?!?

NEW DISPLAY

There is now on display in the Union Lobby a collection by Louis Orr. The display features famous North Carolina buildings and was arranged by Warren Collins

We have coming in the next two weeks Away All Boats and The Cruel Sea.

APOLOGIES

The coeds would like to extend to the males whose just pride has recently received a rather shattering blow their sincere apologies for the misconstrued words, "We're practically ignored!" which were supposedly quoted from them. Just don't let it happen again, girls!

"THANKS, LUCIA"

The news staff would like to thank Lucia Lummus on behalf of the summer school student body for the job she has done in planning for and carrying out the work on The Wednesday Night Breaks.

Lucia is one of our summer coeds who is doing her part to make the Davidson summer campus a more pleasant place for the men.
